

- Suggested topics for GTC-2012 include all aspects of the LP Gas industry where there is an emphasis on technology development and improvement that leads to expanded opportunities for LP Gas use

Some examples of topics that might be presented under any one of the following categories include:

No.	Category	Some suggested topics
1	POWER GENERATION	Engine-driven generators, fuel cells, micro-turbines, co-generation (combined heat and power)
2	FUEL ISSUES	Non-sulphur based odorants, test protocols and procedures, remediation of contaminated fuel, specifications Emerging fuels such as DME , synthetic LP Gas
3	RESIDENTIAL/ COMMERCIAL	Space heating, water heating, cooking, clothes drying, air-conditioning, fumigation, refrigeration, humidity control, and lighting including combination of uses
4	INDUSTRIAL	Heat treatment, aerosol propellant, crucible furnace, asphalt conditioning, wood and ceramic kiln, ice thawing, industrial ovens, coffee and peanut roasting, dye-casting, brick and cinder block curing, metal forging, sand and gravel drying, metal melting and cutting, temporary heat for construction
5	AGRICULTURE	Crop production, poultry and pork production, grain and food drying, vine defoliation, flame cultivation, poultry house sterilization, irrigation pump engines, residential and commercial lawn mowers, powered agricultural machinery
6	LEISURE	Recreational vehicles, boating, barbeques, patios and hearths
7	OPERATIONS	Composite cylinder/tank construction, transfer operations including pumping, metering connectors, remote sensing, liquid level detection, radio identification, safety and training, storage systems (above/underground, refrigerated, mounded, pressurized)
8	DISTRIBUTION	Transportation including vehicle tracking systems, routing, scheduling and optimization. Distribution systems – reticulated LP Gas, remote metering, LP Gas/Air systems
8	ENVIRONMENT	Climate change mitigation, emission reductions from engines and fuel transfer, emission trading etc.
9	AUTOMOTIVE	Engine fuel (Autogas), in both on and off-road vehicles, forklift trucks, lawnmowers, primary power units, auxiliary engines, 2 and 3-wheelers, hybrids, micro-turbines, conversion kit technologies, OEMs etc.
10	OTHERS	For any other papers that do not fit into any of the above categories

- Each author will be allotted a maximum of 15 minutes to present their paper at GTC-2012 in MS PowerPoint format
- Authors will be required to register for GTC-2012, which is free for speakers
- With all Forum Exhibitors being given access to GTC for the first time in 2012 we expect record numbers of delegates

Instructions for Authors

- For more detailed instructions please refer to the submission **practical guidelines** below but it must be received by 24th February 2012
- The received abstracts will be reviewed by the Steering Committee, which comprises of experts from the global LP Gas Industry. Notification of acceptance or rejection of the abstract will be sent to authors by 23rd March 2012
- The key criteria for selecting a paper for GTC-2012 presentation and publication in the formal proceedings will be based on originality, overall contribution of technology to expanding LP Gas markets, and meeting the submission guidelines.
- All accepted abstracts will be showcased in Bali in a poster board display. All authors will be asked to provide a short summary of their abstract together with a head and shoulder photo of themselves for each of the posters
- The submission procedure for the full Paper will be notified to the successful authors by 26th March 2012
- Upon acceptance, the author will be requested to submit a full length paper by 20th April 2012. The length of the full paper should not be more than 12 pages including title page and abstract, but excluding bibliography and references
- Upon final review, authors will be notified of the acceptance of their full paper by 25th May 2012 and they will then be requested to submit their final paper and accompanying PowerPoint presentation by 22nd June 2012
- Authors will also be asked to agree to present their accepted paper at GTC-2012 in Bali which takes place on 11th September 2012

The GTC-2012 language is English. However, translation will be available. Languages to be confirmed

Important Dates:

Phase I			
• Call for abstracts	End November	2011	
• Submission of abstract	24 th February	2012	
• Acceptance/rejection of abstract to authors	23 rd March	2012	
Phase II			
• Notification of submission procedure for paper	26 th March	2012	
• Submission of full paper	20 th April	2012	
• Review & Final author notification	25 th May	2012	
Phase III			
• Submission of Final paper & presentation	22 nd June	2012	
• Submission of author photo and abstract summary	22 nd June	2012	
• Presentation of Paper at GTC-2012	11 th September	2012	

For any clarifications/additional information, please contact David Tyler on:

M: +61 41 226 1116 (or +33 671 45 65 92)

SUBMISSION PRACTICAL GUIDELINES

To submit an abstract, please follow the practical instructions below.

Where and when to submit:

- Send your abstract as a **WORD attached file** to: gtc@wlpgas2012.com
- Submission deadline: **24th February 2012 midnight CET**
- Submission language is **English**.
- Upon receipt of your abstract, you will receive a submission **confirmation email**.

Abstract size

The overall size of the abstract should be maximum **700 words**; 1 page

Authors details have to be included in the overall character count

Abstract title has to be included in the overall character count

Abstract Mandatory structure

► Top of the document:

Title

Presenting author with the mandatory details (please see below)

Co-authors if applicable (please see below)

Selected topic (please select from proposed topics list above)

► Text of abstract:

- Objectives
- Methods
- Results
- Conclusion

If may include:

- **Tables:** no limitation of the table in terms of columns and rows
- **Pictures:** please incorporate them in your Word file.
- **References:** if necessary, please indicate references at the end of the Word document

Authors

There is no limitation of number of authors.

Mandatory information from the **presenting author**:

Title
First Name
Last Name
Business Position
Company / Organisation Name
Email
Mobile Phone*
Business Phone*
Fax*
Nationality
Business address:
Street
City
Zip code
State
Country

**Please indicate first your country code, followed by area code and then number*

Mandatory information from the **co-authors**:

Title
First Name
Last Name
Company / Organisation Name
Business Position
Company Name
Country

Acceptance of conditions

Submission of an abstract implies that the authors accept the following conditions:

If abstract is accepted, authors agree to submit a full length paper for further reviewing.

If full length paper is accepted:

- Authors agree to transfer the abstract copyrights over to the World LP Gas Association
- Authors accept that their final paper is published in Forum Proceedings.
- Presenting author agrees to present the final paper at the GLOBAL TECHNOLOGY CONFERENCE 2012 held within the 25th WORLD LP GAS FORUM in Bali
